**Habilitation à Diriger des Recherches (HDR)**

Sep 1996 to Sep 2008  
Sep 1994 to Sep 1996

**Associated Professor**, University of LYON 1, France  
**Assistant Professor**, University of LYON 1, France, part-time (50%).

### Education

Oct 1990 to March 1995

**PhD Degree in Biochemistry**, University of Lyon 1, France  
Supervisor: Pr Pierre Coulet  
Title: New biospecific sensitive layers (Langmuir-Blodgett type) for the development of ultrasensitive biosensors

Sep 1989 to June 1990  
Sep 1986 to June 1989

**Master in Biological and Medical Engineering**, Lyon, France  
Magistere of microbiology and enzymology, Nancy, France

### Stipends and awards

- PEDR (Prime d'Encadrement Doctoral et de recherche) 2005-2009 and since 2017
- PES (Prime Excellence Scientifique) 2009 - 2017

### Main research interests

- **Biomimetic membranes**
- **Membrane Biochips**
- **Drug lipid carriers**

### Publications

More than 60 publications; H factor: 22 (scopus)  
Ca. 9 invited international conference lectures and more than 40 seminars

### Editorial Board Member

- *"Membranes", an international, peer-reviewed, open access journal, published monthly online by MDPI, and covering the broad aspects of the science and technology of both biological and non-biological membranes since 2021.*

### Board Memberships

- *Member of the International advisory board of « International Conference on organized Molecular Film » since 2010*
- *Member of scientific board of "Institut Multidisciplinaire de Biochimie des Lipides" (IMBL, Lyon) since 2002*

### Scientific memberships

- *GEM (Groupe d'Etudes des Membranes) since 2002*
- *GERLI (Groupe d'Etude et de Recherche en Lipidomique) since 2006*
- *Société Française de Biophysique (since 2011)*
