HOBBIES AND INTERESTS

Sports I play tennis at the amateur level. I started playing when I was 13 and never stopped since. I also enjoy skiing, hiking, swimming and snorkeling.

Chess At the start of 2020 i started to take chess, a game I always liked, more seriously. Since then i study and play almost every day. I started playing too late to become very good, but nonetheless I'm actively trying

to improve every day. I have never participated in an over the board tournament as i've olny played online so far.

Motorsport I never miss a Formula one or Moto GP race, and I am a die-hard Ferrari fan. I've had the luck to attend the 2022 Emilia Romagna Grand Prix and World Ferrari Finals at Imola in 2022, fulfilling my dream to see a Formula one car live on track.

Technology I like all things surrounding tech, and I try to stay as up to date as possible with all the news. I can build desktop computers from off-the-shelf components.
